Dear Neighbor,

Your community Meals on Wheels program was created around one central idea: our neighbors should not have to struggle to live independently and with dignity as they grow old.

Many seniors in our community struggle with *chronic illnesses* that make preparing meals difficult, loneliness that makes the days seem too long and a **limited income** that threatens to allow even the most basic human needs to be met.

This is the reality for many seniors and handicapped adults who may once have been a contributing member of our community. Now, they need your help. A home-delivered meal can make all the difference to their health and well-being. *Many chronic illnesses and hospital visits can be prevented with proper nutrition.*

Yet, with your donation, each Meals on Wheels client can count on the nutritious meal and the friendly volunteer who delivers them. Countless times the staff and volunteers witness instances when the Meals on Wheels daily delivery has been there to rescue someone in serious circumstances. Alone or with family help, the daily meal delivery has proved to 'save the day' over and over.

Please show that you care with your donation. Mail your donation in the envelope provided—or—donate through our secure web-site at <http://mealsonwheelsofwesternbroome.com>.

Sincerely,

Susan Jacobs
Director
